Both Teams Show Much Improvement and Game Proves Exciting.

One game was played in the City league buskethail series at the "Y" gym, Wednesday evening. The Feldman team had some difficulty disposing of the El Paso Millers, although at no time were they in danger of losing. The former were there in full strength and their work stamps them as one of the Jeans to be feared.

The Millers have a much stronger and more experienced team than the one used in the game against the High school and, with a little more practice, will give the other teams some hard going. Their work in the second period was worthy of highest praise, the Feldmans barely benting them out in the second by one basket. ON TOP OF GATUN DAM
The broad, flat top of Gatun dam at
the Panama canal is to serve for a
golf course. A club is now being organized by officials of the canal government and others. Maj.-Gen. George
W. Goethais, U. S. A., governor of the
count, has approved of the formation
of the club and the construction of the

The canal itself should make a dandy
hazard. It hasn't been much of anything else since it was opened for
traffic.
